

## Exhibit H

### 424A.02 DEFINED BENEFIT RELIEF ASSOCIATIONS; SERVICE PENSIONS.

...

~~Subd. 13. **Combined service pensions.** (a) If the articles of incorporation or bylaws of the defined benefit relief associations so provide, a volunteer firefighter with credit for service as an active firefighter in more than one defined benefit volunteer firefighters relief association is entitled, when the applicable requirements of paragraph (b) are met and when otherwise qualified, to a prorated service credit from each relief association.~~

~~(b) A volunteer firefighter receiving a prorated service pension under this subdivision must have a total amount of service credit of ten years or more, if the bylaws of every affected relief association do not specify only a five year service vesting requirement, or five years or more, if the bylaws of every affected relief association require only a five year service vesting requirement, as a member of two or more relief associations otherwise qualified. The member must have one year or more of service credit in each relief association. The prorated service pension must be based on the service pension amount in effect for the relief association on the date on which active volunteer firefighting services covered by that relief association terminate. To receive a service pension under this subdivision, the firefighter must become a member of the second or succeeding association and must give notice of membership to the prior association within two years of the date of termination of active service with the prior association. The notice must be attested to by the second or subsequent relief association secretary.~~

### 424A.015 GENERALLY APPLICABLE VOLUNTEER FIREFIGHTERS RELIEF ASSOCIATION PENSION PLAN REGULATION.

...

Subd. 7. **Combined service pensions.** (a) If the articles of incorporation or bylaws of the relief associations so provide, a volunteer firefighter with credit for service as an active firefighter in more than one volunteer firefighters relief association is entitled, when the applicable requirements of paragraph (b) are met and when otherwise qualified, to a prorated service credit from each relief association.

(b) A volunteer firefighter receiving a prorated service pension under this subdivision must have a total combined amount of service credit from the two or more relief associations of ten years or more, unless the bylaws of every affected relief association specify less than a ten-year service vesting requirement, in which case, the total amount of required service credit is the longest service vesting requirement of the relief associations. The member must have one year or more of service credit in each relief association. For defined benefit relief associations, the prorated service pension must be based on the service pension amount in effect for the relief association on the date on which active volunteer firefighting services covered by that relief association

terminate. For defined contribution relief associations, the prorated service pension must be based on the member's individual account balance on the date on which active volunteer firefighting services covered by that relief association terminate. To receive a service pension under this subdivision, the firefighter must become a member of the second or succeeding association and must give notice of membership to the prior association within two years of the date of termination of active service with the prior association. The notice must be attested to by the second or subsequent relief association secretary.
